# COACHES

## Certified Resources

**ANL Sailing school is certified** by the Portuguese Sailing Federation with the **"Gold"** label, (highest level of certification), guaranteeing the quality of our activity.

**Our coaches hold a Professional Sports Coach Title - Sailing**, issued by Instituto Português da Juventude e Desporto.

## Format

These classes will allow adaptation to the aquatic environment on sailing vessels and the development of different levels of sailing. Depending on the conditions, children may be able to sail alone after the sailing holidays or improve their performance if they already know how to sail.

**The coaches explain how to equip the boat**, with the rudder, strut and sail and **safety rules are explained** too. The group is divided according to experience level and age and is **always accompanied by a coach** who tells them what they have to do and ensures everyone's safety.

When they return to land, the boats have to be unrigged and washed. If conditions do not allow sailing on the river, team games and other activities are planned with the aim of developing coexistence, learning and team spirit.

A break is included for participants to have lunch and afternoon snack.
